The African Leadership in Vaccinology Expertise (Alive) invites you to attend

The African Advanced Vaccinology Course (Afro-ADVAC) - 2020

7th - 16th September 2020
Glenburn Lodge, Muldersdrift, Gauteng, South Africa
Applications close on 31st March 2020.
Details available on:
http://www.wits-alive.ac.za/Afro-ADVAC

Who should apply?
Afro-ADVAC is targeted at mid- to senior level scientists, medical professionals and public health specialists, who are involved in vaccine development, clinical trials, implementation - or management of vaccination strategies, and who have decision-making or advisory responsibilities in their region or country.

Afro-ADVAC is targeted specifically at delegates from Africa, however, applicants from other LMICs will be considered. Limited to 55 delegates per course.
Scholarships are available for participants from LMICs/ CDE.

Supported and organised in partnership with:
